

What You Need to Know About Your Australian Sailing Profile

Australian Sailing is the national body for the sport of sailing and as such, Hillarys Yacht Club endeavours to promote the benefits that arise from this partnership to our Members.

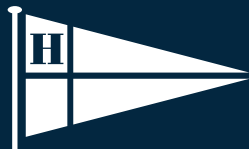

This week, all Members have been imported into Hillarys Yacht Club's portal on Australian Sailing's management platform, revolutioniseSPORT, and this will provide our Club Members with an Australian Sailing (AS) profile and number.

Although your AS profile is provided by Australian Sailing, it relates to and benefits all Club Members who are on-water users at Hillarys Yacht Club including our Power, Angling, Paddle, Sailing and Dive members (CLICK [HERE](#) to view Policy Details).

While all Members will receive an AS number and profile, it is a voluntary registration, and you will still be provided with the benefits listed below if you choose not to complete your registration. However, if you wish to book a training course at Hillarys Yacht Club, you log in prior to making your booking to receive the Member's discount available to some membership categories.

Two Separate Portals

Please note your AS profile *is not* linked to Hillarys Yacht Club's Member Portal. If you wish to check your food and beverage levy, account balance or book for Club functions, you will need to log in to the Club's member portal to do so at www.hillarysyachtclub.com.au
