

PADDLE DIVISION

Paddle is a participant based Division open to HYC members of all ages and gender. It encourages social interaction between members and other sections. Members can have fun whilst enjoying the benefits socially, physically and mentally of paddling on water.

Paddle Division aims to create opportunities for members to participate in-

- group paddles
- fun events on and off the water
- training and demonstrations
- casual dining with a drink or two
- supporting HYC in promoting Paddle
- having fun
- making new friends
- paddle, paddle, paddle

Naturally you can paddle at your own leisure with the convenience of location to the boat ramp and our beautiful waters.

Regular group paddles are on Saturday afternoons at 2pm, departing from the boat ramp, based on weather conditions. Casual paddles are arranged through communication on TeamApp. Paddle Division monthly meetings are held on the first Wednesday of each month at 6 – 7pm, currently in the Youth Club House next to the boat ramp.

The Paddle Division 20/21 annual participation fee is \$22. This fee is used to subsidise events therefore is given back to the members.

If you require SUP or Kayak accommodation the 20/21 annual fee is \$88. This fee is for maintenance and future storage requirements. Applications are to be made annually and approval given based on 50% participation.

Both annual fees fall due on 1st May in line with HYC accounts.

The starting of a new Division is exciting and we look forward to building a large membership of fun happy paddlers. If you would like to join please complete the Application for Membership. Once approved you will receive an invitation to join Paddle Division TeamApp allowing you to view all communications in relation to paddle events.

Further information and details can be obtained by contacting the Paddle Captain Lynda Bailey on 0414708465 or email baileylc@hotmail.com

I look forward to hearing from you in the near future.

Lynda Bailey
